Hi Erin:

Our field crew will be meeting at the office Monday morning at 8:00 AM to pick up a vehicle. They will probably be ready to leave by 9:00 AM. That should put them in Des Moines around 12 noon. Adam and Shane will leave Monday morning and Christin will go up Tuesday night and be ready to start early Wednesday. Shane will probably log and work with the DPT crew. Christin will help Adam with the other sampling.

## Ex. 4 - CBI

If you are okay with this, I would like to go up Wednesday to view the site so I can help with the report. I will also collect the first couple of days' worth of samples and take them back to the appropriate labs. Feel free to call anytime.

I can't recall if I have your mobile number already?

Thanks,

Mike
